

More than a performance
An **experience** designed to
be remembered.

20+ years of
circus experience
since 2003

Over a decade
performing
across the **UAE**

About us

This artistic project was created by **Walter Rodrigo Muñoz**, an Argentine circus artist based in **Dubai**.

Combining **traditional** circus techniques with **contemporary** performance, audience interaction, comedy and visual experiences, it creates entertainment tailored to **corporate events, festivals, luxury venues and family celebrations**.

Each performance is carefully tailored to the atmosphere, audience and objectives of the event, offering a balance between **technical skill, elegance** and genuine **human connection**.

Performance Formats

Performances can be presented in different formats and adapted to a wide variety of audiences and events.

From interactive 25-minute performances to roaming entertainment and independent stage acts, each format offers a unique way to engage, surprise and connect with guests.

The following pages introduce these working formats in more detail.

Interactive

Circus

Experience

performances inspired
by traditional street
theatre, combining
circus techniques,
comedy and audience
participation.
